Description

We seek an experienced member for our team, at the postgraduate level, with background in European Research Projects. The candidate will participate in the R&D activities of FORTH in the context of the project UNICORN: A Novel Framework for Multi-cloud Services Development, Orchestration and

Continuous Management Fostering Cloud Technologies Uptake from Digital SMEs/Startups) and I-BIDaaS Industrial-Driven Big Data as a Self-Service Solution.

Required qualifications:

- MSc in Computer Science and/or Finance and/or related fields
- BSc in Computer Science and/or Mathematics and/or Statistics
- Excellent knowledge of English.
- Strong Experience with European research projects (Financial management and preparation of reports)
- Strong Experience with European research projects (Technical reports and deliverables writing)
- Experience with European research projects related to Big Data, Data Management, Data Analysis and Privacy.
- Willingness and ability to work cooperatively within a team, to learn, and to adapt to the projects.

Desired qualifications:

Knowledge of and/or experience in and/or strong interest to learn one or more of the following:

- Research experience - published work in Data Management, Analysis and Privacy
- Performance analysis and optimization of Databases and Database Systems
- Experience with PostgreSQL and MySQL relational databases
- Experience in Knowledge Discovery and Data Mining
- Design and Implementation of privacy-oriented ICT systems
- Experience in organizing conferences, summers schools and other academic events.

Application Submission

Interested candidates can submit their applications via <http://www.ics.forth.gr/jobs/en/> using the link “[Apply for the position](#)” under the announcement. Applications must include:

- Detailed CV, including qualifications and interests in the above areas, and proof thereof;
- Scanned copies of academic titles;
- Detailed presentation of prior work, studies and/or publications, demonstrating knowledge of desired skills (e.g. experience on specific programming languages and hardware platforms)
- Contact information for 2 or 3 references;

Contact Information:

- For information and questions about the advertised position the activity of the group or the Institute, please contact Dr Sotiris Ioannidis (sotiris@ics.forth.gr).

Selection Announcement

The result of the selection will be announced on the website of FORTH-ICS. Candidates have the right to appeal the selection decision, by addressing their written objection to the ICS secretariat within five (5) days since the results announcement on the web. They also have the right to access (a) the files of the candidates as well as (b) the table of candidates’ scores (ranking of candidates results). All the above information related to the selection procedure will be available at the secretariat of FORTH-ICS in line with the Hellenic Data Protection Authority.
